

ENDOWMENT ROBES ARE CAUSE OF SEPARATION

Wife Tells Husband to Get Garb or Do Without Happiness.

Because he had not received his endowment robes in the Mormon Temple and could not secure that important piece of wearing apparel in the manner suggested, John E. Smith says that his wife, Avilda Christensen Smith, gave him the "23" sign within a few hours after their wedding.

Smith sets up in a complaint for divorce filed in the Third District court Friday, that he was married in this city on December 21, 1907. Within a few hours after the ceremony, Smith adds, he and his wife having gone to their home at Murray, his bride of a few hours told him in the presence of friends and acquaintances that she would not live with him for the reason that he had not received his endowment robes in the Mormon Temple and that unless he did secure the robes in the manner she would never recognize him as her husband.

Smith then told his wife, he says, that he could not be admitted to the Temple and she told him to get away from her and get a divorce, since which time she has refused to live with or recognize him.

Smith got away and is now applying for the divorce as directed.

LADIES DAY AT POULTRY SHOW BRINGS OUT BIG ATTENDANCE

Friday was ladies' day at the poultry show and many took advantage of the opportunity in the midst of the details of their shopping to drop into the long room at 322 South Main street where the feathered beauties are showing themselves in all their glory of voice and plumage. By noon all the judging had been completed and the fortunate exhibitors were telling their friends how it all happened. Great satisfaction was expressed by every one at the manner in which Mr. Heimlich apportioned the awards and the association has engaged him for judging at the exhibition which they intend to hold next year.

The birds were all on their good behavior Friday. The sleepy biddies woke up and the tall roosters strutted about especially for the ladies. As on the previous days the fancy birds came in for the larger share of attention and there was a crowd at all times in front of the pens of Polish birds and the Oringtons. The pigeons and the little bantams were a great attraction, too, for the ladies and especially for the children. Some black breasted regent bantams also came in for a large share of notice from every one.

In point of size the best exhibition at the show this year was that of Rhode Island Reds. The chicken fanciers of this State have been giving special attention to this breed during the past year and as a result the scores ran higher than ever before. The prize-winner at the annual exhibition of 1907 scored only 94½ points, whereas this year many of the birds received scores near 95 and the highest ran up to 95½ points. This very high rating was accorded to a handsome cockerel owned by George A. Poulsen of Ogden. It was a single comb bird and took the precedence among some 250 Rhode Island Reds on exhibition. In this class Orson H. Hewlett won the second prize for cockerels, with a score of 95 points. The competition was very close among the twenty-five birds and Mr. Hewlett won by only a slight margin. One of the most coveted prizes in this class, however, was the special given for the best colored birds in a single pen and this was carried off by Mr. Hewlett with his Salt Lake bred birds.

In the class of Black Minorcas, a big cockerel which won first prize was afterward sold for \$30. This was not considered a high price for the bird and it was said that among the Rhode Island Reds and the White Wyandottes, which are special favorites with fanciers at this time, offers of over \$100 have been refused for some of the birds. Saturday will be children's day and the children will be admitted free up to noon.

Mexican Mustang Liniment

Used 15 years by a Veterinary.

GENTLEMEN—

I have used scores of bottles of your MEXICAN MUSTANG LINIMENT for it is an old, old remedy with me. My father, the late W. Hymer, of Paola, Kan., used it in our veterinary hospital there for fifteen years. I have seen as high as a dozen bottles, always the dollar size for we used so much the cheap size in our office at one time and empty bottles too numerous to mention on this paper.

We found it the best liniment made for strains, cuts, bruises, etc., and an excellent remedy for bee-stings and wasps. You did not solicit this, but I think it my duty to aid the public by prescribing your liniment for many horse ailments.

Very respectfully,
J. O. HYMER, V.S.

GENTLEMEN—

It seems to me among your claims as to the efficacy of MEXICAN MUSTANG LINIMENT you hardly give prominence enough to its wonderful curative power on inflamed and cold udders in cows. I have used it for two years in my stable and since I began its use have not had a case which was not relieved by a few applications. A thorough bathing of the udder with hot water, followed by gentle and persistent rubbing in of the "Mustang" will, I believe, cure any case, leaving the teats in good order—unless suppurating has already begun. If all others in the dairy business know this it would save much worry and loss.

Respectfully,
MRS. A. L. YOUNG,
Columbus, Ga.
Prop. of The Pines Dairy.
